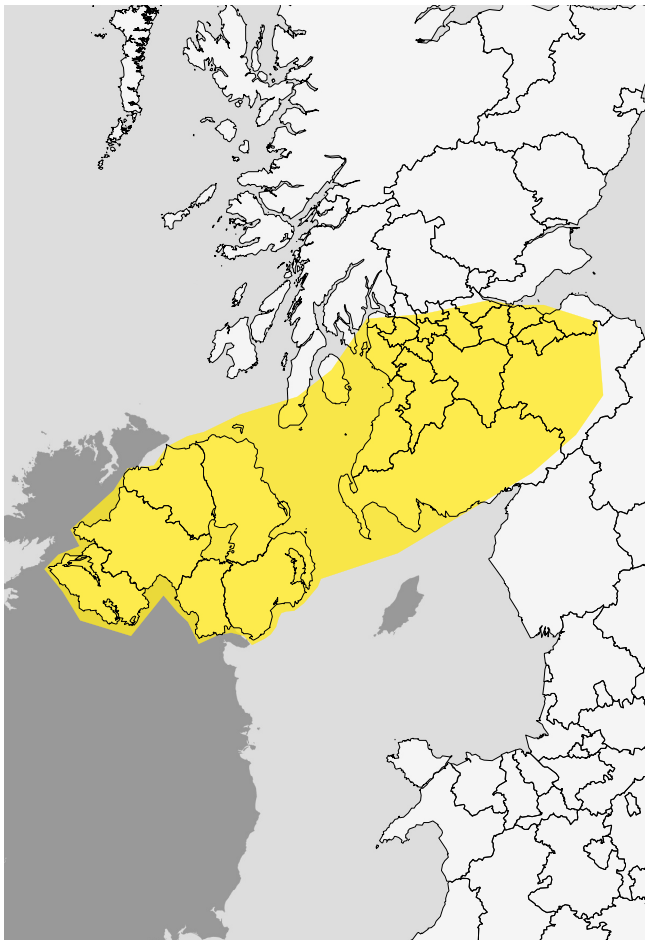
Yellow warning
Thunderstorm

Between
12:00 Sun 30 Apr 2023 and
21:00 Sun 30 Apr 2023



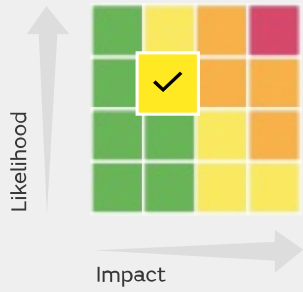
Heavy showers and thunderstorms may cause some disruption and flooding.

What to expect

- Some flooding of a few homes and businesses likely, leading to some damage to buildings or structures
- There is a good chance driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Delays to train services are possible
- Some short term loss of power and other services is possible

Further details

Heavy showers and thunderstorms over Northern Ireland are expected to spread into parts of southern Scotland later this afternoon before fading later this evening. Whilst some places will see little rainfall, a few places could see 30 to 35 mm of rain in two or three hours, perhaps most likely over northern and eastern parts of Northern Ireland. In addition to heavy rainfall, a few places may also see some hail.



✓ Medium likelihood of low impacts
